A LETTER FROM OUR PASTORS

Look what God has done.

Church,

In 2024 we launched Second Chapter, a two-year generosity initiative built on three commitments. **Uncompromising Faith:** fund the day-in, day-out ministry of cKids, CYouth, groups and weekends. **Unprecedented Hope:** launch a new church in Scranton. **Unrelenting Love:** build 10 churches in Guinea, launch a special needs ministry, host Night to Shine, and invest in the next generation.

Look at what God has done. Four churches stand in Guinea. Scranton is gathering. Bethlehem launched with 230 people. Night to Shine, a special needs ministry, residents in training. And 1,218 people have said yes to Jesus.

We are grateful, we are inspired, and we give God all the glory. He did it through you. Now we are determined to finish. One million dollars completes Second Chapter and sets into motion an impact that will last for generations. Let's finish what God started.

With love and gratitude,

THE CHURCH THAT STARTED IT

Second Chapter began here, with a generous church that believed God wanted to meet more people than one building could hold. Pocono gave so Bethlehem and Scranton could exist, and kept reaching its own neighbors the whole time.

BEHIND EVERY NUMBER IS A NAME · BETHLEHEM

“Church is a safe place for me now. I never thought I would say that.”

Jessenia grew up in church and never knew God. Her mom's church was strict, and she left every week feeling like she was going to hell. Her dad's she never understood. Somewhere in there she decided church was not a place for her, and she walked away.

Then she got sick during Covid and her life came apart. A friend brought her to Community Church about a year ago. She sat in the back and kept her distance, because she was ashamed. Nobody made her explain herself. People were just kind to her. That is not what she expected from a church.

She drifted again, came back right in the middle of everything becoming Community Church, and decided to get baptized. She invited her brother to At The Movies. He came the first day and kept coming back, asking how the pastor knew everything he was going through. She had never said a word to anybody.

They were baptized the same day. She joined a group. “God took things out of my life I could not put down on my own. The peace I have now, I cannot put a price on it.”

OUR PRIMARY GOAL

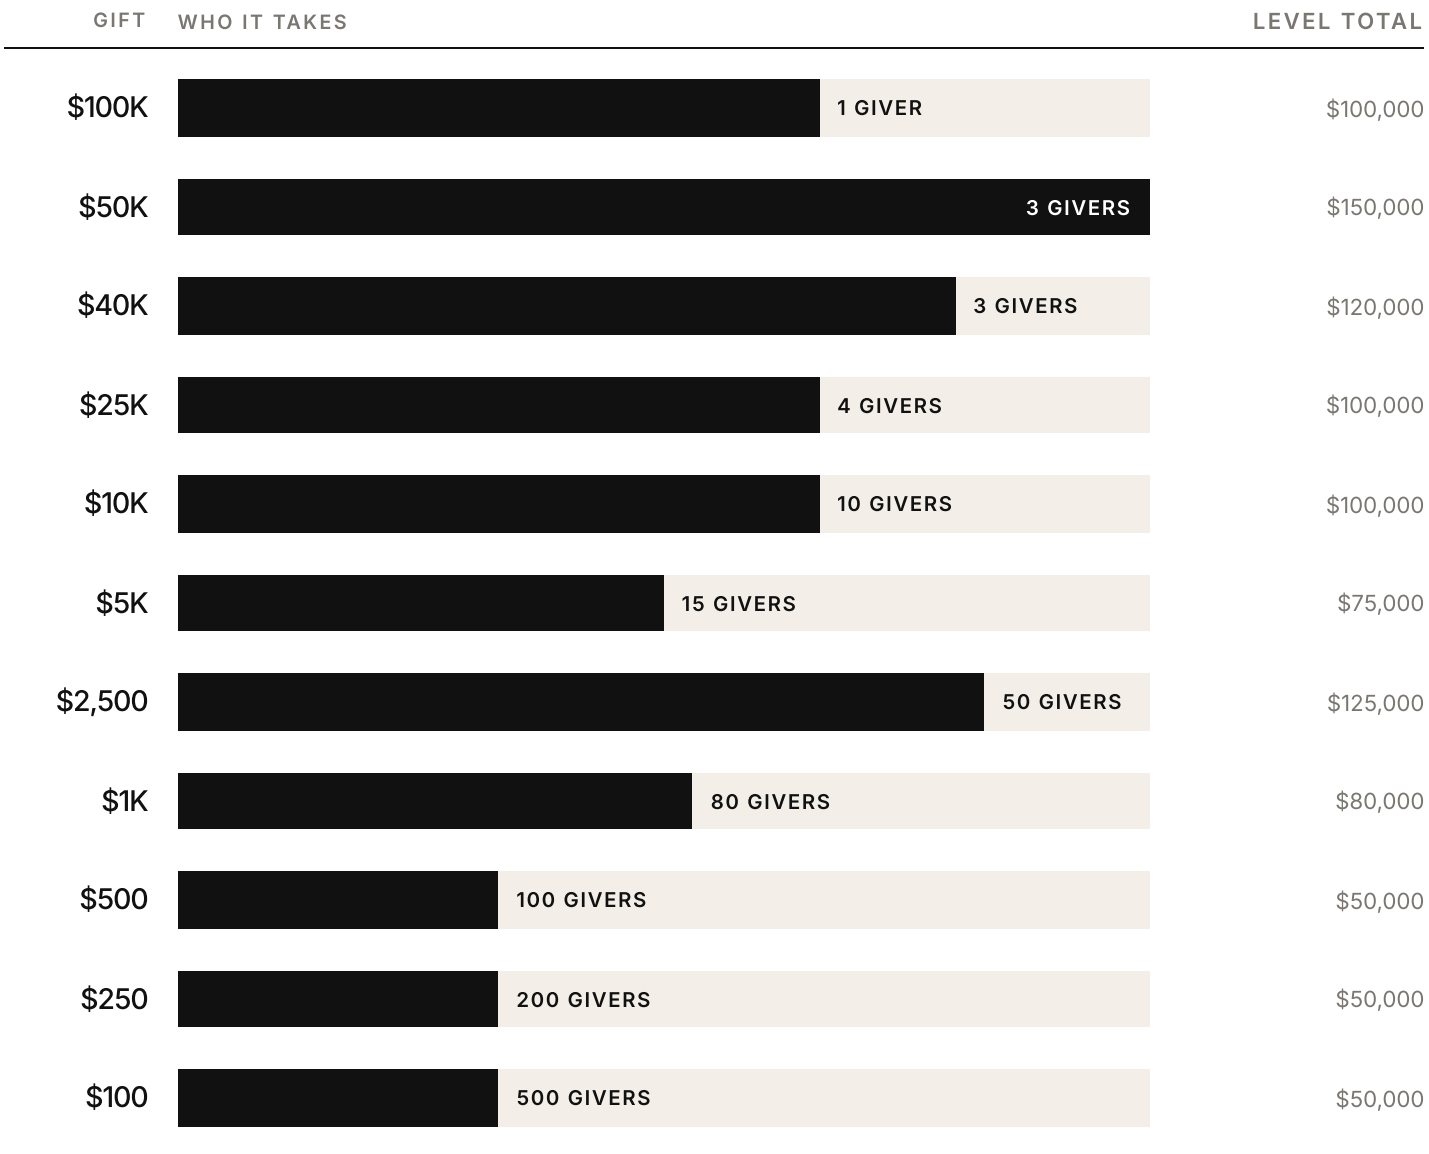

100% engagement

We believe God is writing a bigger and better story, and that He is calling us to take our generosity to new levels. Not a few people giving a lot. All of us giving something.

ONE WAY TO FINISH

We can all do this together.

$1 Million finishes Second Chapter. Here is one way we could get there together. Every line matters, and every gift counts the same before God. Find your line, pray over it, and do what God tells you to do.

Our primary goal is 100% participation. **$1,000,000**
